SUBJECT: FY-82 R&D Program (U)

REFERENCE: Meeting with Planning Division, O/DDS&T,  
Week of 2 June 1980

1. We feel that FY-82 was a positive step forward in R&D planning and funding due in large part to the considerable efforts expended by the R&D Customers and the R&D Offices. In order to continue and hopefully build on this enhancement we have refined the activities and scheduling this year. As we discussed at the referent meeting we have coordinated the schedule of activities (attachment 1); developed a detailed instruction encompassing the activities of the R&D Customers and the R&D Offices (attachment 2); and as attachment 3, a listing of points of contact to facilitate communication. (U)

2. As emphasized in the meeting, the theme for this Planning cycle is a fully coordinated, quality product on a timely basis. (U)

3. Please contact me or members of my staff as questions arise. (U)
